management, Testing & TypeScript

INTERNATIONAL RELATIONS, St.

**Petersburg State University of
Telecommunications**

2013 – 2017

Graduate qualification work-final
work "Women of Sweden in family
and political life"

PROFILE

Fullstack developer with experience in both frontend (React, TypeScript, Vue.js) and backend (.NET, Node.js, SQL). Skilled in building responsive, user-friendly applications and APIs, with knowledge of Azure deployment and CI/CD. Collaborative, adaptable, and eager to contribute to impactful projects.

EXPERIENCE

Team Leader

Team Leader, ENKV

08/2023 – 06/2025 | Stockholm

- **Team Management:** Recruited, onboarded, and provided ongoing guidance and support to new and existing assistants.
- **Scheduling & Planning:** Managed planning and scheduling using the Aiai system to ensure optimal coverage and workflow.
- **Quality & Work Environment:** Actively worked to improve the work environment and enhance the quality of care provided to clients.
- **Client Communication:** Maintained ongoing communication with clients to ensure their needs were met and expectations exceeded.
- **Operational & Administrative Support:** Balanced administrative tasks, documentation, and reporting with hands-on support when necessary.

Frontend developer

Frontend developer, Stryda

01/2023 – 07/2023 | Stockholm

- **Back Office Development:** Built a streamlined back office system for the BI team using React, React Query, TypeScript, and React Hook Form, improving data management efficiency and reducing manual work.
- **User Interface Development:** Designed and implemented intuitive, user-friendly interfaces with React, TypeScript, Tailwind, and Figma, focusing on usability and data visualization.
- **Battle Pass Page Rebuild:** Collaborated with senior developers and followed established architecture to rebuild the Battle Pass page based on UX/UI team designs.
- **Team Management & Leadership:** Led a team of interns, delegating tasks.
- **Code Quality & Collaboration:** Delivered efficient and scalable code, conducted PR reviews for colleagues' work, and adhered to best practices for maintainable development.

SKILLS SUMMARY

- JavaScript
- TypeScript
- React
- Vue.JS
- HTML CSS
- TailwindCSS
- Node JS
- Jest
- Git
- C#/.NET
- SQL
- ASP.NET
- ASP.Net
- MVC
- Azure
- Figma
- Adobe Photoshop
- Agile

Warehouse Worker

Warehouse Worker, Store Support

01/2021 – 01/2023 | Stockholm

In this role, I performed various tasks related to order picking and inventory control. I also hold a forklift license and completed relevant training prior to starting the position.

Frontend developer

Frontend developer, Nilo Collaborations

08/2022 – 12/2022 | Stockholm

- **React.js Development:** Built and enhanced features across multiple components of the Nilo platform using JavaScript (React).
- **UI/UX Implementation:** Translated Figma designs into responsive and user-friendly interfaces, implementing code changes, style adjustments, and layout refinements in Visual Studio Code.
- **Feature Development:** Contributed to the creation of new features that improved platform functionality and user experience.
- **Cross-functional Collaboration:** Worked directly with other interns, the development lead, and the CEO to align technical work with product goals and vision.

Personal Assistant

Personal Assistant, Assistanskompaniet AB

08/2019 – 12/2021 | Stockholm

I worked in personal care with a variety of clients with different diagnoses and care needs. During this period, I also completed various courses through the Karolinska Institutet, focused on providing assistance and care for people with illnesses and disabilities.

Hotel Receptionist

Hotel Receptionist, Hotel Sonata

05/2017 – 12/2017 | Saint-Petersburg

As a hotel receptionist, I worked across several hotels within the Sonata chain. I was responsible for ensuring a positive guest experience from check-in to check-out, managing the telephone switchboard, and supporting daily front desk operations. I worked with the C1 software system to enter guest data and prepare calculations for accounting purposes. I also handled reservations from Expedia, Booking.com, and the hotel chain's official website. Additionally, I supervised and coordinated the work of hostesses and cleaning staff to ensure a high standard of service.

★ TECHNICAL STACK

Languages & Frameworks

JavaScript (ES6+), TypeScript, C#, HTML, CSS/SCSS, React, Vue.js, React Native, .NET Core

Frontend Development

React (with Vite, Axios, CORS), ASP.NET Core MVC (Models, Views, Controllers, Razor Syntax), Blazor, TailwindCSS, Bootstrap, Material UI, Responsive UI/UX implementation with Figma

Backend & Databases

ASP.NET Core Web API (Minimal API & Controllers), REST APIs, GraphQL, SQL/T-SQL, Entity Framework (code-first databases), Authentication & Authorization (OAuth 2.0, JWT, Identity), State management (Cookies, Sessions), external API integration

Cloud & DevOps

Azure Portal (deployment, email services, logging), CI/CD pipelines (GitHub Actions), Docker, Webpack, Vite, ESLint, Azure DevOps

Testing & Quality Assurance

Jest, Cypress, Vitest, React Testing Library, TDD/BDD principles, Benchmarking, ISTQB testing principles

Collaboration & Tools

Git, Jira, Trello, Agile/Scrum workflows
